Cross Reference to Related Applications

Q' This Utility Patent Application is related to U.S. Patent Application Serial No. 09/759,867, filed January 12, 2001 and entitled "PORTABLE INFORMATION STORAGE MODULE FOR INFORMATION SHOPPING" having Attorney Docket No. HP PDNO 10002307-1 filed herewith.

Please replace the paragraph beginning at page 4, line 16 with the following re-written paragraph:

Q² Purchase center 12 preferably is available at a shopping center, airport, or other public venue, and hosts a large selection of audio and video formats of books, music, movies and/or other entertainment media for purchase via module 10. For example, a user could purchase a movie from purchase center 12 using a credit card and store the movie in personal movie storage module 10. In particular, using display 20 and keypad 22 of purchase center 12, the user purchases one or more selections of an entertainment media (e.g., a movie). A copy of that selection is transferred from purchase center 12 (e.g., downloaded or recalled) via communication slot 24 for storage into personal movie storage module 10. The selection is preferably downloaded or recalled, and stored in a broadband communication or frequency format from central movie database 14.
